Chapter 2

Installation of the IO_ForHomalg-Package

To install this package just extract the package's archive file to the GAP `pkg` directory.

By default the `IO_ForHomalg` package is not automatically loaded by GAP when it is installed. You must load the package with `LoadPackage("IO_ForHomalg");` before its functions become available.

Please, send us an e-mail if you have any questions, remarks, suggestions, etc. concerning this package. Also, I would like to hear about applications of this package.

Mohamed Barakat and Simon Görtzen
